Race to a Dollar

Object: Be the first player to collect exactly \$1.00

Materials: game board, a die, game pieces and play money

How to Play: Players take turns rolling the die and moving around the game board. If a player lands on a coin, they must identify the coin and state its value. If correct, they may then take that coin from the bank. If a player lands on a space that does not have a coin on it, they must follow the instructions on the space.
